

# PRS series HDMI cables

## Purpose designed for commercial installations

**Key Features:**

- ProGrip™ connectors keep cables firmly in place with 3kg / 6.6lb retention force
- Slim die cast metal shell fits into 3/4" conduit

**Technical Notes:**

- OFC solid-core TMDs conductors for high signal quality
- Heavy-duty shielding for extreme noise environments
- CMG in-wall fire-rated jacket
- High Speed - provides 4K video up to 18.0m / 59'

**Installation Notes:**

- ProGrip™ connectors are designed for permanent connection. Retention force will reduce to standard levels with repeated insertion/extraction.
- PRS cables over 7.5m / 24'7" utilise RedMere IC technology. These cables are directional and must be connected with the RedMere-equipped end at the sink device.

**Warranty:**

PRS cables without RedMere have an Immortal Lifetime Warranty.  
PRS cables with RedMere (7.5m / 24'7" and over) have a one year warranty.
